

## **We Don't Need To Hide - J Lym**

I see there's something, running  
Is it a memory? I don't know  
I know there's nothing, to be afraid of  
Is it a memory? I don't know

Dancers in the dark but I see you  
They turned their heads around but I see you  
They took me to the ground but I see

Somewhere, sometime,  
In the alternate, just the two of us  
Both will make it all  
Both will risk it all  
A universe where we don't need to hide

Hide  
Hide

I know you know, I don't have the answer  
Is it a memory? I don't know  
I hope you know, the way to get out of here

Dancers in the dark but I see you  
They turned their heads around but I see you  
They took me to the ground but I see

Somewhere, sometime,  
In the alternate, just the two of us  
Both will make it all  
Both will risk it all  
A universe where we don't need to hide

I still have the things, I looked after the things you gave me
